

## Israel allows vast sums to reach Hamas

Friday, June 27, 2008, Jerusalem Post:

The government has admitted that it is allowing hundreds of millions of dollars to be transferred to Hamas in Gaza, the watchdog organization Shurat Hadin charged on Thursday.

Organization head Nitzana Darshan-Leitner quoted from a letter she received from the legal adviser of the Prime Minister's Office that said, "The transfer of funds to the Palestinian Authority in the Gaza Strip takes place with the knowledge of the government of Israel for diplomatic reasons."
